CFSAN/Office of Food Additive Safety
October 2000; Updated February 2007*

Threshold of Regulation Exemptions

Listed below are the exemptions that have been issued under 21 CFR 170.39 *Threshold of regulation for substances used in food-contact articles*. The list includes the name of the company that made the request, the chemical name of the substance, the specific use for which the substance received an exemption from regulation as a food additive, and any appropriate limitations on the substance's use. Questions pertaining to this list should be directed to the Office of Food Additive Safety (). [Additional Contact Information](#)

File	Company	Chemicals	Use Limitations
97-012	Inter - American Nexus, Inc.	Dimethylpolysiloxane (CAS Reg. No. 9016-00-6), polyethylene glycol monostearate (CAS Reg. No. 9004-99-3) and xanthan gum (CAS Reg. No. 11138-66-2)	Dimethylpolysiloxane, polyethylene glycol monostearate and xanthan gum at maximum use levels of 24%, 3% and 0.08% by weight, respectively, as components of release coatings for metal substrates that are reapplied as frequently as every eight hours and are used in oven baking of large quantities of food.

Inter – American Nexus, Inc. es nuestra compañía hermana con la que trabajamos en los Estados Unidos.

Comercializando por medio de ella nuestros productos en dicho país.
